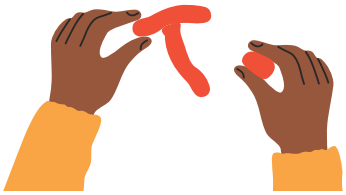
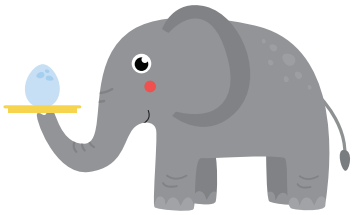
Meet the Letters! E W J P Y

Directions: Cut out letters E, W, J, P, and Y from the set of double-sided Letter Cards. Ask children to identify the letter on each card and say the sound into the Phoneme Phone. Have children trace the upper and lowercase letters a few times with their pointer finger. Then, use modeling dough to mold the shape of each letter. For extra practice, challenge children to use modeling dough to create something that begins with each letter.

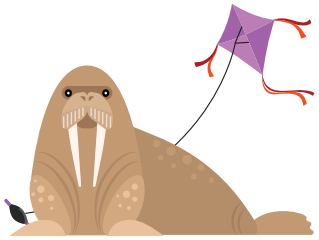


Have children repeat the sentences below into their Phoneme Phone.

E: Every elephant enjoys elegant eggs.

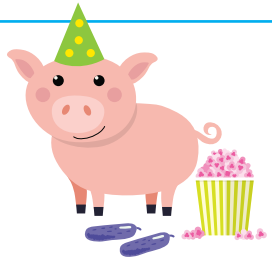


W: The wacky walrus wants windy weather.



J: Jiggly jellyfish juggle jazzy jellybeans.

P: Pig's party has purple pickles and pink popcorn.



Y: The yellow yeti yells, "Yikes!"

More Ideas

Go on a Letter Scavenger Hunt and search for letters around the house or in your neighborhood. Ask children to identify letters they encounter on cereal boxes, the tube of toothpaste, license plates, or street signs. You can challenge children to find letters in order from A to Z or by matching their sound, by saying, **"I see a letter that says mmmmm. Can you find that letter?"**
